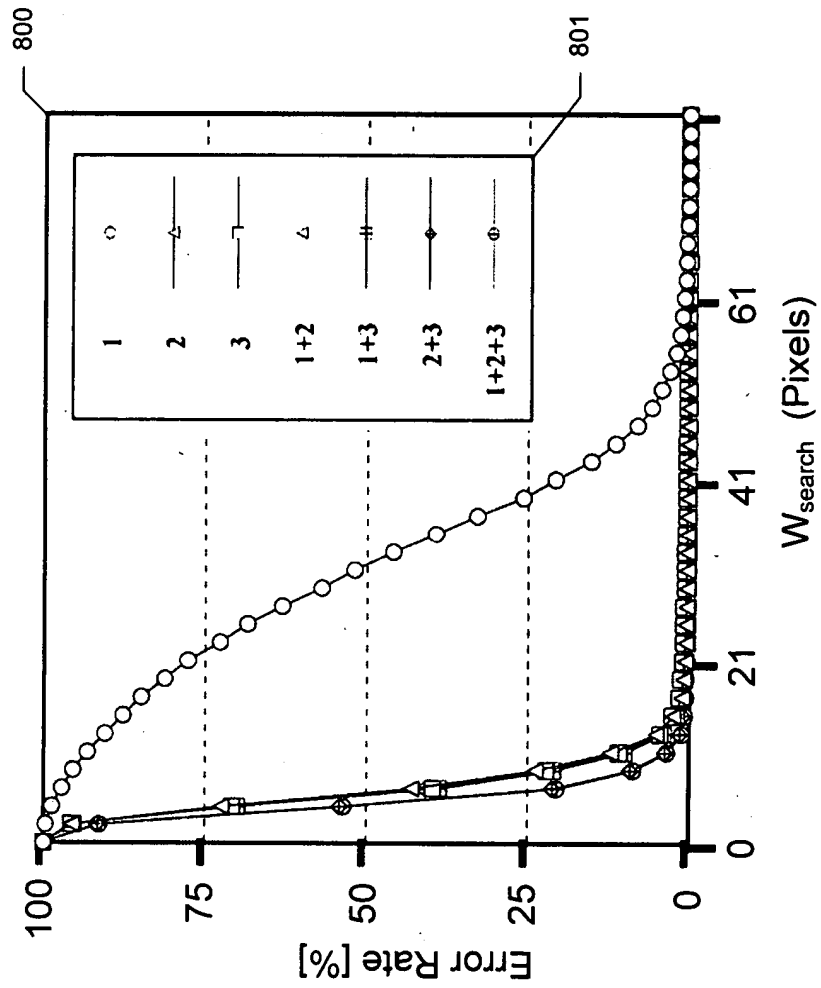

FIG. 8

A black and white photograph of a collage. At the center is a large, detailed map of New Zealand. Surrounding the map are several smaller elements: a portrait of a man's face in the upper right; a person wearing a wide-brimmed hat in the lower right; and various text fragments and small icons scattered around, such as "Alone", "The Garden", "Innocent", and "I am". The entire composition is set against a dark background.

A high-contrast, black and white photograph of a rectangular object, possibly a piece of equipment or a container, with various internal components and a small, dark, rectangular feature on the right side. The image is heavily degraded with noise and artifacts, making it difficult to discern specific details. The object appears to have a complex internal structure with several rectangular and circular elements. A small, dark, rectangular feature is visible on the right side of the object. The overall image quality is poor, with significant noise and a high level of contrast.
